Former Student-Participants are entitled to request their accumulated Prize Funds funded with Prize Money as either Prize Money (taxable income) or a Scholarship Award (non-taxable income).

THE GOVERNING PRINCIPLES OF SCHOLARSHIPS 4 US®

YOUTH ORGANIZATIONS

ACADEMIES, CAMPS, CLINICS, CLUBS, EVENT MANAGERS, PROGRAMS, TOURNAMENT DIRECTORS, SCHOOLS AND VENUE OWNERS THAT SPECIALIZE IN THE ARTS, ESPORTS OR SPORTS

Scholarships 4 Us® was founded to fund our scholarship system through secondary educational institutions and youth organizations that specialize in the Arts, Sports, or Esports, registering as an Accredited Hosts and managing Accredited Events. The money spent on these after school youth sports and activities is the source of funding for The Scholarship System 4 Us.

- ◆ The Trust of Scholarships 4 Us® Service Agreement shall be signed by all Student-Participants and Accredited Hosts.
- ◆ An Accredited Hosts may request to use the trust as a service to manage their own Accredited Events using the Cost of Entry platforms.
- ◆ All other events will follow the foundational event format and principles:
 - The Cost of Entry in an Accredited Event is either \$40, \$80, or \$160
 - The Cost of Entry is divided into three categories:
 - 25%: Savings Contribution
 - 25%: Event Cost (Expense and Lineage)*
 - *The Expense is the Fee for Scholarships 4 Us® and the Lineage is the fee for the Accredited Hosts*
 - 50%: Prize Fund
 - An event will have 25 entrants with a max of 25 participants per team and will be governed according to the Scholarships 4 Us® Accredited Events Guide.
 - Top 5 place finishes will accumulate Prize Funds based on the following percentages of the total Prize Funds collected:
 - 1st- 40%
 - 2nd- 24%
 - 3rd- 20%
 - 4th - 8%
 - 5th- 8%
 - A student is eligible to enroll in The Scholarships 4 Us® Program on their 12th birthday with an Expiration of Eligibility on May 31st their senior year of high school.

- Each student that enrolls in The Scholarships 4 Us® Program will be provided an ESA (Earning and Savings Account) assigned to an Enrollment ID in the S4Us.portal™. As the Legislative-Compliance enterprise for potential collegiate athletes Scholarships 4 Us® shall maintain records on behalf of our Student-Participants that will be found at www.FanastasiaEstates.com/S4Usfinancials.
- Student-Participants will accrue savings in every event they participate in and have the opportunity to accumulate Prize Funds funded with Prize Money if they place Top 5 in our Accredited Events. Savings Contributions and Prize Funds will be managed in The Trust of Scholarships 4 Us®.
- Scholarships 4 Us® shall recognize The Rule of Amateurism™ as our Purpose of Formation. A Student-Participant may forfeit their accumulated Prize Funds if it determined that they have intentionally failed to disclose they withdrew their Amateurism according to The Scholarships 4 Us® Program Section 9: Page 16.
- Third-party funding to increase the Prize Funds and Savings Contributions are forbidden in an Accredited Event and an Accredited Hosts determined to have initiated or was aware and failed to prevent such transaction will have a revocation of their accreditation.
- The Scholarships 4 Us® Program is designed for primary educational institutions to receive a percentage of the Lineage revenue earned by secondary educational institutions within their district, tax-free, so long as the funds are used according to IRS Topic No. 421.
- Scholarships 4 Us® may also determine a limited number of neutral organizations, and a system of allocation, where individuals and businesses can contribute funding directly for Student-Participants' Cost of Entry in an Accredited Event.

No longer will every student in America have a 97% chance of NOT being selected as a recipient of the 1.7 million scholarships awarded each year or a 98% chance of NOT being offered an Athletic Scholarship. A scholarship, since the first one was awarded almost 400 years ago, was never an actual '*thing*,' it is 'non-taxable income.' America will become united in The Scholarship System 4 Us by ensuring that all students are enrolled in The Scholarships 4 Us® Program for as long as The Program™ is useful for our kind.

The Scholarships 4 Us® Program is formed to be compliant with the legislation of the collegiate athletic associations and the jurisdiction of the IRS. Scholarships 4 Us® annually reviews and updates The Scholarships 4 Us® Program according to any changes regarding disbursing Prize Money as a Scholarship Award.

IRS

The IRS topic no. 421 scholarships, fellowship grants, and other grants recognizes these award earnings as tax-free so as long the "amount is used to pay for tuition and fees required for enrollment or attendance at the educational institution, or for fees, books, supplies, and equipment required for courses at the educational institution." Any other usage of the awards for "incidental expenses, such as room and board, travel or optional equipment must be reported as gross income.

NCAA®

The NCAA® permits potential collegiate students-athletes to earn prize money based on place finish in events so long as the amount does not exceed actual and necessary expenses to participate. The NCAA® requires all potential collegiate student-athletes to complete their Eligibility Questionnaire to determine if amateurism status has been maintained by requesting documentation of sports participation and any accepted prize money. These records are to be kept by the student-athlete and any misinformation or falsification could lead to a determination resulting in a permanent ineligibility status.

NAIA®

Potential collegiate student-athletes must complete their Eligibility Questionnaire and the bylaws state that no potential collegiate student-athlete can accept prize money after July 31st, the 'last day of summer,' prior to enrolling into an NAIA® institution. These records are to be kept by the student-athlete and any misinformation or falsification could lead to a determination resulting in a permanent ineligibility status.

NJCAA®

Potential collegiate student-athletes must complete their Amateurism Questionnaire and the bylaws state that no potential collegiate student-athlete can accept prize money after their 19th birthday or once enrolled in an NJCAA® institution- whichever comes first. These records are to be kept by the student-athlete and any misinformation or falsification could lead to a determination resulting in a permanent ineligibility status.

NACE®

Potential collegiate student-athletes must complete their Eligibility Certificate Form and the bylaws do not state legislation governing student-athletes accepting prize money.

POST-SECONDARY EDUCATION INSTITUTIONS

Postsecondary educational institutions require all students to report private awarded scholarships to the Financial Aid Department as it may adjust their Financial Aid Award.

The Scholarships 4 Us[®] Program provides The Path of Opportunity- 4 Us.

When The Scholarships 4 Us[®] Program is used as it was designed for then it is the Student-Participants' choice how to use the resources provided.

As Student-Participants Earning and Savings Account continues to appreciate so does the means to attend a postsecondary educational institution.

The incentive-based program promotes and encourages continued participation in our Accredited Events.

All eligible students can enroll in The Scholarships 4 Us[®] Program.

Amateurism has been a concept that is misunderstood and misinterpreted, and therefore caused more harm than good. In the near future, Scholarships 4 Us® may have absolute jurisdiction over Amateurism when The Scholarships 4 Us® Program is recognized by the postsecondary educational institutions as the Legislative-Compliance enterprise for potential collegiate athletes and students. Every postsecondary educational institution that has a legally binding contract with a collegiate athletic association will have to collectively unite in adopting The Rule of Amateurism™ for the liberation of the Student-Athlete from authoritarianism.

Furthermore, collegiate Student-Athletes will have to unite in the understanding that they can no longer wait for their '**Financial Share**' of the revenue for being a billion dollar asset to postsecondary educational institutions and the collegiate athletic associations. The 'value' of the Cost of Education and the 'value' of Room and Board that has been justified as a '**Fair Share,**' in-exchange for services, by the collegiate athletic associations has, since its inception, been breadcrumbs resulting in collegiate athletes being treated like a night walker that has been groomed to be grateful they have a place to sleep and food to eat while their owner relishes in the financial profits from their labor.

The comprehensive approach to forming a national understanding and enforceable practice of Amateurism is through **Scholarships 4 Us®: The Rule of Amateurism™**. Eligibility shall begin on a students' **12th birthday** and expire **May 31st** their senior year of high school. The idea is that once a student graduates high school they will have fulfilled their Amateurism and will then have the choice to request their Accumulated Prize Funds as Prize Money without affecting their eligibility to participate in collegiate athletics. Scholarships 4 Us® will implement *and* have jurisdiction over The Rule of Amateurism™ according to the Eligibility Criterion found in Section 10 of The Scholarships 4 Us® Program.

A Student is eligible to enroll and maintain enrollment in The Scholarships 4 Us® Program only if the following Eligibility Criterion is met:
